Mr. Epps:

This is an old allowance from 2005 that PUBS is attempting to pass to issue but can't because of fee problems.

To solve the problem, a new Notice of Allowance needs to be mailed to applicant, resetting the issue fee due date. Here is what happened with this file:

Both the PTO-37 and the PTOL-85 were sent 5/9/05 and returned as undeliverable 5/19/05.

Examiner mailed a supplemental PTO-37 (only) 1/31/06.

Applicants paid an issue fee based on that second PTO-37 on 5/1/06. To do this, it looks they pulled a copy of the original PTOL-85b from PAIR and typed in new information -- see the IFEE dated 5/1/06.

We can't match this issue fee, because the original 8/9/05 due date is still in effect.

See the attached e-mail from Brian Hanlon regarding 2 other cases with similar problems: option #2 for the first application is what is needed here.

**RE:**  
**9 & 10747406**

Please mail a new PTOL-85 for this application at your earliest convenience.

Thank you very much --

Hi!

Lawanda  
please re-mail notice of allowance  
& resetting the issue fee  
due date.  
Thanks, Tilahun
